FORREST INDUSTRIAL COATINGS

HIGHBALL®

TREE MARKING PAINT: EFFICIENCY AND PRECISION IN ONE PASS

HIGHBALL® is crafted for forestry professionals who need reliable, high-visibility markings that endure the elements. Whether marking boundaries, identifying specific trees, or conducting timber cruising, HIGHBALL® delivers vibrant marks that withstand prolonged exposure to sunlight and moisture, ensuring they remain clear and visible over time.

Our innovative one-pass marking system sets HIGHBALL® apart, allowing you to achieve precise, consistent marks with a single application. This system, coupled with the easy-to-use aerosol delivery, simplifies the marking process, saving you time and effort. With just a press of the nozzle, you can create crisp, clean lines without the need for additional tools or complex techniques, making your operations more efficient and straightforward.

TO LEARN MORE ABOUT WHERE TO BUY HIGHBALL, CONTACT US AT: INFO@FORRESTPAINT.COM OR 800-537-7201

From RUDD to HIGHBALL®

The product formerly known as RUDD has been rebranded as HIGHBALL® Tree Marking Paint. Since 2015, FORREST Technical Coatings has proudly produced and distributed the RUDD product. In 2018, we introduced the HIGHBALL® brand, retaining the same trusted formula that professionals have relied on for years. While the name has changed, the exceptional quality and performance remain unchanged.
