INFERNEX® HIGH HEAT COATINGS

INFERNEX®
PROVEN HIGH HEAT PERFORMANCE.

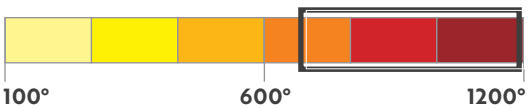

Engineers and equipment manufacturers have trusted Forrest Technical Coatings for decades as a world leader in high performance liquid coatings. Our latest comprehensive collection, INFERNEX®, is specially formulated to solve your exterior exposure challenges by providing a cost-efficient application that delivers on appearance and corrosion resistance with low environmental impact.

Forrest Technical Coatings has been the respected global manufacturer and distributor of the high temperature Stove Bright® brand since 1978. We bring the same innovative chemical engineering and experience to the INFERNEX® product line.

INFERNEX® L-1100 | (54H204)

INFERNEX® L-1100 was originally engineered for barbeque protection with additional animal and vegetable fats resistance. Its unique epoxy formula performs at a peak temperature of 1100° F (593° C). It's become a top seller in the INFERNEX® line-up with a durable black satin finish with excellent mar and corrosion resistance.

INFERNEX® L-1100	(54H204)		
Peak Temp	1100° F (593° C)	Continuous	1100° F (593° C)
Adhesion (8 Hr) ASTM D3359	5B	Color Change (8 Hrs)	PASS
240 Hrs Salt Spray ASTM B117/D1654	PASS	Pencil Hardness ASTM 3363	H
Gloss @ 60° ASTM D523-14	5-10		

It is always recommended the user conduct tests to determine the suitability of the product for the intended use on appropriate substrates.

Use cases for FORREST INFERNEX®

Specifically formulated for optimum performance under harsh conditions for:

- Exhaust systems
- Industrial silencers
- Engine parts
- Other high temperature applications

Benefits for FORREST INFERNEX®

- Rapid cure
- Excellent over-bake stability
- Excellent corrosion resistance
- Direct to metal applications
